

Bella Vida

IL Commons and
IL Residential Corridors

May 14, 2026

BBA is working with several local artists
to provide pieces for the
Bella Vida Commons Areas.

(We have not finalized the art that will be purchased. Some of the artists have retired so it is a matter of finding a piece that is of the scale and size that works in our commons areas.)

Art that represents the history of San Antonio as the crossroads of cultures.

David Caton

Frio At Garner, Concan

His focus is on water & rivers.

Frio at Garner, 36"x48", 2025

Hill Country Artist

Award-winning for this unique digital style of work.

Dee Tunseth - Rio Grande Artist

Watercolors – The one on far right made the cover of a Texas Watercolor Art Book. It is of a staircase in San Antonio on the River Walk.

Jean Louis Gentilz

French painter who settled in Texas and ended up spending much of his life in the San Antonio area – documenting the early history of San Antonio through his art. Softened realism - “costumbrismo”.

Gentilz has many pieces on display at the SA Museum of Art. Several current artists from the area have been inspired by Gentilz’s work. We will be using art from some of these living local artists.

Art Objects for table décor, inspired by early Mexican pottery styles and patterns. We are adding a touch of Italian blue glass for contrast since our color scheme in the commons areas includes various shades of blue.
